

2010 Tennessee Physiological Society Meeting
Student Alumni Center, The University of Tennessee Health Science Center

Thursday, October 14. 6:30-9:00 pm. Pre-meeting reception at the Cotton Museum, 65 Union Ave, Memphis, TN 38103 (901) 531-7826

Friday, October 15. Student Alumni Center, 800 Madison Ave, Memphis, TN 38163

- | | | |
|-------------|---|---|
| 8:30-8:45 | Opening Remarks | Don Thomason, TPS President
Gabor Tigyi, Chair, Department of Physiology, UTHSC |
| 8:45-9:15 | Polly Hofmann, Ph.D. | Role of Protein Phosphatase 2a in Myocardial Ischemia-Reperfusion
Professor of Physiology
The University of Tennessee Health Science Center |
| 9:30-10:00 | Tom W. Ecay, Ph.D. | Physiology of Embryonic Calcium Nutrition
Associate Professor of Physiology
Quillen College of Medicine, East Tennessee State University |
| 10:00-10:30 | Break | |
| 10:30-11:00 | Kevin Currie, Ph.D. | Regulation of Calcium Channels and Adrenal Catecholamine Release
Assistant Professor of Anesthesiology & Pharmacology
Vanderbilt University Medical Center |
| 11:15-11:45 | John Bannister, Ph.D. | Vasoregulation by Smooth Muscle Cell $\alpha_2\delta$-1 Subunits
Postdoctoral Fellow, Department of Physiology
The University of Tennessee Health Science Center |
| 12:00-1:00 | Lunch | |
| 1:00-3:00 | Poster Session | |
| 3:00-4:00 | Keynote Address
Kevin L. Kirk, Ph.D. | New Paradigms of CFTR Channel Regulation
Professor of Physiology and Biophysics, and Neurobiology
Gregory Fleming James Cystic Fibrosis Research Center
University of Alabama at Birmingham |
| 4:00-4:30 | Presentation of Awards | Outstanding Student and Postdoctoral Fellow Posters |
| 4:30 | Adjournment | |
